

# AKASH CHOUHAN

+91 6266068835 — akashchouhan1209@gmail.com — Bhopal, Madhya Pradesh

Portfolio — GitHub — LinkedIn

## PROFESSIONAL SUMMARY

Passionate and detail-oriented **Full Stack Developer** with experience in React, React Native, HTML, CSS, Node.js, Express, and MongoDB. Adept at authentication with Firebase, Firestore, and bcrypt. Skilled in clean, maintainable code, optimized UI/UX, and scalable APIs. Proven experience across e-commerce, blogging, and real-time apps.

## EDUCATION

**Masai School, Bengaluru**

Sep 2024 – Present

Full Stack Web Development

**Lakshmi Narain College of Technology Excellence, Bhopal**

Jun 2020 – Jun 2024

Bachelor of Technology (Computer Science and Engineering)

## TECHNICAL SKILLS

**Languages:** Node, JavaScript, HTML5, CSS3

**Frameworks:** React, React Native, Redux, Express, Tailwind

**Database:** Firebase, Firestore, MongoDB

**Tools:** Git, GitHub, VS Code, Figma, Android Studio

## SOFT SKILLS

Teamwork, Time Management, Adaptability, Communication

## PROJECTS

**Book Nest**

GitHub — Demo

*React, Node.js, Express, MongoDB, Firebase*

- Built a full-stack book management platform with CRUD operations for books and users.
- Implemented secure authentication using JWT and bcrypt, ensuring data privacy.
- Optimized MongoDB queries for faster data retrieval and improved performance.
- Designed a responsive UI with React and Tailwind, providing smooth user experience across devices.

**Trexo Grocery App**

GitHub

*React Native, Firebase, Redux*

- Built a grocery delivery app with secure Google Sign-In and OTP authentication.
- Integrated Firebase for real-time synchronization, ensuring seamless user experience.
- Developed catalog and checkout flow with responsive UI components.
- Designed a user-friendly product catalog and smooth checkout experience for customers.

**FleetManagerPro - Logistics & Transportation**

GitHub — Demo

*React, Firebase*

- Developed a fleet management system to track vehicles, trips, and drivers efficiently.
- Integrated Google APIs for real-time geolocation and trip monitoring.
- Leveraged Firebase for real-time database synchronization and updates.
- Created an interactive, responsive UI with React for logistics operators.

## CERTIFICATIONS

- Construct Week Project – Masai School
- x to 10x Hackathon Participation – Masai School
